## PROFILE SUMMARY

Self-motivated and curious individual with approx. 3 years of experience in supply chain & logistics. Apart from successful at managing day to day operations & expertise in SAP, WMS, SCM, I have a strong track record of leading large teams to achieve operational excellence through effective communication, strategic planning, and process improvement. My skills in supply chain management, demand planning, inventory management, logistics, capacity planning and order fulfillment enable me to use data analysis to reduce costs and enhance operational efficiency. I'm a skilled cross-functional collaborator and team leader who is committed to achieving business goals while driving continuous improvement.

## PROFESSIONAL EXPERIENCE

### **Legend Footwear, Inventory Assistant**

Nov 2023 – present

- Executing inventory optimization techniques & collaborating with teams to enhance overall operational performance, streamline processes, and implement solutions that reduce costs and improve accuracy.
- Product Catalog Management - Create and update product listings on Orderwise platform, including product descriptions, images & pricing.
- Responsible for receiving, inspecting, and recording incoming shipments of inventory and creating purchase orders for 2 to 3 deliveries on daily basis and reconcile discrepancies.
- Managing inventory portfolio of over 35 footwear brands and implementing process improvements to optimize inventory management procedures.
- Maintaining detailed records and documentation of inventory transactions, adjustments, and movements.

### **Reliance Retail Ltd, Senior Operations Executive**

Sep 2021 – Nov 2023 | India

- **Efficient Resource Planning:** Planned and managed the distribution center's resources efficiently, including 60+ manpower, tools, & equipment to ensure maximum productivity and cost-effectiveness.
- **Inventory Management:** Optimized inventory management of 2200+ SKUs worth 16 crores through regular PI, analysis of aging stock, and proactive communication with business teams on slow-moving items, maintaining optimal DOH to minimize holding costs.
- **Demand Forecasting:** Developed and implemented demand forecasting models, resulting in improvement in inventory turnover, reduction in stockouts & enhancing overall order processing productivity by 8%.
- **Supply Chain Planning:** Collaborated with different departments and stakeholders, as well as the use of data analytics to optimize performance and movement of goods and orders having multiple SKU's from distribution center to customers while maintaining line fill rate of 99.50%.
- **Order Management:** Effectively handled order processing of over 3000+ B2B & 10-15 B2C orders, ensuring optimum MOQ, precise picking as per generated indent, conducting gap analysis for order fulfillment, and implemented corrective actions to enhance fill rates and maintained 100% on-time dispatch.
- **Reverse Logistics:** Followed several strategies to optimize and reduce the cost of return process also properly validating all return cases before reaching to final decision which resulted in decrease of SCM contributed return from 0.42% to 0.09%.
- **Vendor Management:** Developed and maintained positive relationships with 10+ vendors, ensuring timely and accurate deliveries, negotiating favorable terms and pricing, and evaluating vendor performance to improve overall supply chain efficiency.
- **Implementation of 5s and Kaizen:** Implemented 5s and Kaizen in the warehouse to improve safety and efficiency and reduce accidents, ensuring its adherence.
- **Reports and Dashboards:** Tracked and monitored daily, weekly, monthly dashboards and reports to make sure that proper SLA's are being followed while ensuring profit of the organization.

---

## CORE COMPETENCIES

---

- SAP MM/WMS
- Inventory Management
- Order Processing & Fulfilment
- MS Office (Excel, Word, PP)
- Warehouse Operations
- Process Improvement
- Supply Chain and Logistics
- Demand & Capacity Planning
- MIS & Data Analytics

---

## PROJECTS

---

### Customer Returns Reduction

- Successfully decreased the overall C-returns rate from 9% to 4% by implementing multiple checkpoints & strategic measures to address operational and logistics gaps, focusing on key performance indicators such as Delivery TAT and OTD.

### Bad S-Loc Clearance

- Coordinated with a team responsible for clearing non-sellable stock worth 3.5Cr, and successfully completed the clearance process through multiple channels within the stipulated deadline of 70 days.

---

## INTERNSHIP

---

<b>Industrial Training,</b> <i>Makroo Motor Company (Ashok Leyland)</i>	Jul 2020 – Aug 2020   Awantipura, India
<b>Student Intern Trainee,</b> <i>Peaks Auto Pvt Ltd (Maruti Suzuki)</i>	Aug 2020 – Sep 2020   Anantnag, India

---

## EDUCATION

---

<b>Bachelor of Technology, Mechanical Engineering,</b> <i>ABES Engineering College</i>	Sep 2017 – Jul 2021   Ghaziabad, India
<b>Higher Secondary,,</b> <i>Govt. Boys Higher Secondary School</i>	Jan 2016 – Jan 2017   Anantnag, India

---

## CERTIFICATES

---

- Supply Chain Foundations
- Inventory Management
- MS Excel
- Operations Management
- Quality Management
- AutoCAD
